KLONDIKE SAE 75W-140 Full Synthetic Gear Lubricant

| 1 Identification | |
|---|--|
| Product Identifier: Stock Number: | KLONDIKE SAE 75W-140 Full Synthetic Gear Lubricant |
| Other means of identification: Synonyms: | No data available |
| Recommended use and restrictions on use | : Gear Oil |
| Recommended use: | Uses other than those described above |
| Restrictions on use: | KLONDIKE Lubricants Corporation |
| Initial Supplier Identifier: | 3078 275th Street |
| | Langley, BC, V4W 3L4 |
| | Canada |
| | General information 1-877-293-4691 |
| Tel No.: | info@klondikelubricants.com |
| Email: | Chemtrec (Within US) 1-800-424-9300 Chemtrec |
| Emergency telephone number and any | (International) 1-703-527-3887 |
| restrictions on the use of that number, | |
| if applicable: | |
| | |
| 2 Hazard identification | |
| Classification of the hazardous product: | |
| Not classified under GHS | |
| Hazard statements: | Not applicable |
| Other hazards known to the supplier with | respect to the hazardous product: |
| Physical hazards not otherwise | None known. |

Health hazards not otherwise classified None known.

classified

3 Composition/information on ingredients

| Chemical Name | Common name and synonyms | CAS registry number and any unique identifiers | Concentration |
|---|-----------------------------|--|---------------|
| Petroleum distillates, solvent-refined heavy paraffinic | No data available | | 0.1 - 1 |
| Lubricating oils (petroleum), C20-50, hydrotreated neutral oil-based | No data available | 72623-87-1 | 30 - 60 |

Date of the latest revision of the safety data sheet:08-08-2019Supercedes:08-08-2019

| Inhalation: | This material does not present a hazard if inhaled. Remove individual to fresh air after an airborne exposure if any symptoms develop, as a precautionary measure. |
|--|---|
| Eye contact: | No data available |
| Skin Contact: | No data available |
| Ingestion: | No hazard in normal industrial use. Do not induce vomiting. Seek medica attention if symptoms develop. Provide medical care provider with this SDS. |
| The most important symptoms and effects, whether acute or delayed: | None known. |
| An indication of immediate medical attention and special treatment needed, if necessary: | No additional first aid information available. |
| 5 Fire-fighting measures | |
| Suitable extinguishing media: Unsuitable extinguishing media: | Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do not direct a stream of water into the hot burning liquid. No data available |
| Specific hazards arising from the hazardous product, such as the nature of any hazardous combustion: | Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire. |
| Hazardous Combustion Products: | Carbon dioxide, Carbon monoxide |
| Special protective equipment and precautions for firefighters: | Do not enter fire area without proper protection including self- contained breathing apparatus and full protective equipment. Use methods for the surrounding fire. |
| 6 Accidental release measures | |
| Personal precautions, protective equipment and emergency procedures: | No health affects expected from the clean up of this material if contact can be avoided. Follow personal protective equipment recommendations found in Section 8 of this SDS. |
| Methods and materials for containment and cleaning up: | Prevent the spread of any spill to minimize harm to human health and the environment if safe to do so. Wear complete and proper personal protective equipment following the recommendation of Section 8 at a |

Dispose of according to Federal, State, Local, or Provincial regulations. Used fluid should be disposed of at a recycling center.

7 Handling and storage

Precautions for safe handling: Conditions for safe storage: Materials to Avoid/Chemical Incompatibility: No special handling instructions due to toxicity. Store in a cool dry place. Isolate from incompatible materials. Strong oxidizing agents

8 Exposure controls/personal protection

Control parameters, including occupational exposure limit values or biological limit values and the source of those values:

| | greater than 0.1% is mutagenic or genotoxic. |
|-------------------------|---|
| Skin Contact: | Unlikely to cause irritation even on repeated contact. |
| Skin Absorption: | Upon prolonged or repeated exposure, no hazard in normal industrial |
| | use. |
| STOT-single exposure: | Based on available data, the classification criteria are not met. |
| STOT-repeated exposure: | Based on available data, the classification criteria are not met. |
| Aspiration hazard: | Based on available data, the classification criteria are not met. |

Numerical measures of toxicity, including ATEs Based on available data, the classification criteria are not met.

| 12 | 2 Ecological information | |
|----|--------------------------|---|
| | | _ |

Ecotoxicity (aquatic and terrestrial, if available):

Slight ecological hazard. In high concentrations, this product may be dangerous to plants and/or wildlife.

Ecological Toxicity Data:

| Chemical Name | CAS registry number and any unique identifiers | Aquatic EC50 Crustacea | Aquatic ERC50 Algae | Aquatic LC50 Fish |
|--|--|--|------------------------|-----------------------------------|
| Lubricating oils (petroleum), C20-50, hydrotreated neutral oil- based | 72623-87-1 | Aquatic EC50 (48h) Daphnia > 1000 mg/L | No data available | Aquatic LC50 (96h) > 5000 mg/L |

| Persistence and degradability: | No data available |
|--------------------------------|--|
| Bioaccumulative potential: | Bioconcentration is not expected to occur. |
| Mobility in soil: | This material is expected to have essentially no mobility in soil. It absorbs strongly to most soil types. |
| Other adverse effects: | None known. |

13 Disposal considerations

Information on safe handling for
disposal and methods of disposal,
including any contaminated packaging:Spent or discarded material is non-hazardous according to environmental
regulations.
